LEFT WRITE GUIDE

for LEFT-handers

Put your sheet of paper on top of the lines, and keep the bottom of this guide level with the table. Writing on a slant should help you not to smudge your writing!

Try to keep your wrist straight and your hand below the writing line.

Hold your pen about 2cm from the tip, and hold it lightly between your thumb and forefinger

★ Letters marked with a star are formed differently by left and right-handers - watch out for them!
