Chadsmead Primary Academy: Local Offer for Special Educational Needs and/or Disability

How we identify and assess needs

How will you know if my child or young person needs extra help?

Identifying Children's Needs

We identify children's SEND needs by:

- Talking to nurseries and previous schools about a child's needs before children arrive at Chadsmead.
- Visiting known children with SEND in early years' settings before they arrive at Chadsmead
- Undertaking our own observations, checklists and assessments to identify learning needs within school
- Receiving information and report from health practitioners and other professionals about children's needs
- Speaking to the SENCO of the previous school and as well as parents to ensure as much information as possible is known about the child
- Tracking a child's academic progress through teacher observation, feedback and formal assessment.
- In the new SEND Code of Practice, section 6, SEND pupils can be characterised by progress which;
 - Is significantly slower than that of their peers starting from the same baseline
 - Fails to match or better the child's previous rate of progress
 - Fails to close the gap between the child and their peers
 - Widens the attainment gap.

First Steps to Identification

Our first step to identify a child with SEND is to :

- Identify the concern from our observations, information and assessments. The school identifies children using a range of sources including internal assessments, progress over time, external agency information and medical information. Chadsmead Primary Academy assesses children at the end of each lesson, at half termly intervals and again at the end of each term. We use a range of different assessments for all children alongside teacher assessment and statutory assessments.
- Teachers will then contact parents/carers by email, telephone or request a face to face meeting for a discussion about their concerns and agree a series of strategies or next steps to be taken
- The teachers will refer to the SENCO after putting in place different strategies with your child in their classrooms
- Discussions with class teacher and SENCO are undertaken as and when required as part of a graduated response

Early Help and Intervention

We have the following programmes for early help/intervention:

- We have a Graduated Response at Chadsmead to help us ensure that we provide the right level of need when a child needs it - Please refer to Chadsmead's offer for Cognition and Learning, Communication and Interaction, Social Emotional Mental Health & Physical and Sensory needs
- We use external agencies to support us to provide for your child's needs such as Action for Children, Family Support Services and the NHS
- We can undertake Early Help Assessments to help indicate where you and your family may need the most support at a given time.

How we identify and assess needs

- We give the upmost priority to safeguarding children's welfare and are guided by Staffordshire Safeguarding Board to ensure children are kept safe in education at all times. We adhere to the DFE document: Keeping Children Safe in Education
- Keeping children safe in education 2023 (publishing.service.gov.uk)
- https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/1181955/Keeping_children_safe_in_education_2023.pdf

What should I do if I think my child or young person needs extra help?

Extra Help

If you think your child may have SEND or might need extra help, please do the following:

- Speak with your child's class teacher by contacting the school office and requesting an appointment on 01543 421850 or us the school's My Ed app
- Points you may want to think about before meeting with your class teacher of the SENCO are:
 - Why do you think your child has SEND?
 - What needs do you feel your child has that are of concern?
 - Does your child learn at the same rate as other children?
 - Did you or child have a difficult pregnancy?
 - Did your child meet all of their early learning goals: 2 year check?
 - How do you feel school could help you?
 - What are you able to do to help?
 - Please bring any reports or information you have about your child's needs.

If you still have concerns after speaking with your child's class teacher, please do the following:

- Speak to the school's SENCO Mrs. Helen Cadman on 01543 421850 via the school office or Email the SENCo via office@chadsmead.staffs.sch.uk
- Mrs Cadman has been a SENCO in post prior to 2008 and is not required to hold the NASENCo award
- Should you still feel that your concerns have not been addressed that contact our head teacher, Mrs Grainger via the school office on 01543 421850.

SEN: Code of Practice 2014:

Chadsmead Primary Academy adheres to the SEN: Code of Practice 2014

- The Code of Practice defines a child with a learning difficulty as a child that has:
 - A significantly greater difficulty in learning than the majority of others of the same age.
 - A difficulty that prevents him/her from making use of educational facilities of a kind generally provided for others of the same age.
 - A physical or mental impairment which has long term* and substantial** adverse effects on a child's ability to carry out normal day to day activities
 - NB: * long term is more than one year
 - NB: **Substantial is more than minor / trivial

How we identify and assess needs
<ul style="list-style-type: none"> • Pupils are also assessed using SWST (Single Word Spelling Test) and Salford reading test twice a year allowing standardised scores to be tracked over time and compared with school assessment methods already identified. • Pupils also take regular phonic related assessments. • SEND pupils and other pupils, including Looked After Children, undertaking intervention programmes will also undertake entry baseline and exit data tests to identify whether the intervention is effective. • Some pupils may also take other external assessment as required by outside agencies – Parents/carers will be notified of these and in most cases permission is required by outside agencies.
Where can I find the setting/school's SEND policy and other related documents?
<p>The SEND Code of Practice can be located at: https://www.gov.uk/government/publications/send-code-of-practice-0-to-25</p> <p>Community Academy Trust (CAT) information can be located through the CAT website at: https://www.communityacademistrust.org/</p> <p><u>Chadsmead Policy:</u></p> <p>All of Chadsmead Primary Academy policy information can be located on the school website: https://www.chadsmeadacademy.co.uk by clicking on the 'Policy' icon on our home page or going directly to https://www.chadsmeadacademy.co.uk/web/school_policies/328164 to locate all of our school policies including:</p> <ul style="list-style-type: none"> • Chadsmead's SEND School Information Report • Chadsmead's Accessibility Plan • Chadsmead's Assessment Policy • Chadsmead's Admission Arrangements • Chadsmead's Supporting children with medical conditions Policy • Chadsmead's Equality Information <p><u>Chadsmead SEND Offer:</u></p> <p>Information specific to Chadsmead SEND offer can also be located on our website:</p> <ul style="list-style-type: none"> • Chadsmead's SEND School Information Report can be located in the policies section: https://www.chadsmeadacademy.co.uk/web/school_policies/328164 • Chadsmead's SEND offer for Cognition and Learning, Communication and Interaction, Social Emotional Mental Health & Physical and Sensory needs along with other SEND related information can be located on our 'SEND Details' in the 'Parents and Families' tab on our Chadsmead website page or directly at: https://www.chadsmeadacademy.co.uk/web/send_details/348171

Teaching, Learning and Support

How will you teach and support my child or young person with SEND?

Supporting children and young people with SEND with or without an Education Health Care Plan:

We support children and young people with SEND with or without an Education Health Care Plan through quality first teaching (QFT) within the classroom. At times during their school career, children may need to receive additional targeted support during a lesson or a term depending on their needs. This is delivered through a broad and differentiated curriculum, that includes additional scaffolded support (physical resources) or additional staff support when required within the whole class or within a small group.

Planning the Support:

Should a child require significant long term additional support, school follows the processes of a Graduated Response. This means that your child's support reflect the level of need required and is considered carefully of a regular basis. The SEND Graduated Response process follows the minimum termly cycles of Assess, Plan, Do, Review in line with the SEND Code of Practice. Within each cycle the following may occur:

- **Step 1: Initial Concern**
 - Formal assessments take place and/or the teacher indicates that the child is not making sufficient progress, therefore reasonable adjustments, basic skills provision or physical adaptations to support needs through Quality First Teaching are made.
 - The class teacher will inform Parents/carers of the concern verbally.
 - The class teacher will inform the SENCO of their initial concern and the actions they take.
- **Step 2: Targeted Support**
 - If a concern continues over time, further support / adjustments will be made to support the child by the class teacher.
 - The teacher monitors and reviews the outcome of the additional support / reasonable adjustments.
 - If further intervention may be required, class teachers will raise this at Pupil Progress meetings with the head teacher and / or in a SEND meeting with the SENCO, both of which are held termly – although they are able to discuss their concerns with either party at any time.
- **Step 3: Review of Need**
 - The SENCO reviews evidence with class teacher / assessment outcomes / external agency information and discusses the pupil with the class teacher.
 - If the outcome of the meeting does not result in the child meeting the criteria for the SEND register, the SENCO will add them to an internal Monitoring Register and consider the next steps to support the child in conjunction with Parents/carers and staff. This may involve the use of other agencies and referrals may be made.
 - If the child meets SEND criteria, the SENCO will contact parents to discuss their child in initial meeting, where the current needs and support required is discussed and the child will be placed on the school's SEND register. See stage 4.
- **Step 4: Formal Registration of SEND**

Teaching, Learning and Support

- The teacher will write a Plan for Support (Pfs) recording the child's targets and support needs following discussion with the SENCO and Parent.
- The SENCO adds child to the school's SEND Register, ensuring additional provision is put into place.
- The SENCO compiles a provision map & ensures additional provision is put into place.
- The Pfs is a working document to inform teaching staff, support staff and parents of the child's current identified needs
- **Step 5: Review of SEND Needs**
 - A Pfs is reviewed 3 times a year with teacher and SENCO: October, February and May. These SEND Review meetings may lead to:
 - Movement of the child to the monitoring register – Pfs is no longer required
 - Continued SEND support with new Pfs targets written by teacher (with advice and agreement with the SENCO)
 - A referral to outside agency by SENCO for additional advice or support
 - An application for an EHCNA leading to possible EHCP (if there is sufficient evidence to meet Staffordshire Criteria)
 - A Pfs is shared and discussed with parents after each half term break, which allows for any changes in pupil needs to be shared, which can also result in the pathway of support being changed at any time.

Chadsmead SEND Offer:

Chadsmead's SEND offer for Cognition and Learning, Communication and Interaction, Social Emotional Mental Health & Physical and Sensory needs can be located on our 'SEND Details' in the 'Parents and Families' tab on our Chadsmead website page or directly at:

https://www.chadsmeadacademy.co.uk/web/send_details/348171

How will the curriculum and learning environment be matched to my child or young person's needs?

Differentiation:

Differentiation is made through a range of strategies for children at Chadsmead. Differentiation is: making sure all children can access learning, regardless of ability so that every child feels supported and challenged. Differentiation may occur as a whole class, small groups or on a 1:1 basis.

- **Scaffolds:** A scaffold is a physical learning aid This may include the use of additional resources, reference materials, practical aids and physical equipment such as a word mat/vocabulary list, partially completed task, a modelled example, a writing frame; a multiplication grid or visual images. The use of these does not necessarily mean that your child has SEND.
- **Support:** Support is when a person helps a child with a task such as an adult, teaching assistant or peer for example leads or develops a discussion further through questioning, prompting and/or additional modelling.
- **Challenge:** Challenge is provided through activities that are given to stretch pupil's individual abilities irrespective of their individual need to aid further progression in learning for example: an investigative task, a request to qualify, explain or justify a thoughts or idea with evidence, proof or an example; or show further application of skills and knowledge in a new context.

Provisions to Facilitate Access to the Curriculum

Teaching, Learning and Support

Chadsmead provides a range of provisions to facilitate access to the curriculum and to develop independent learning. This includes support from external agencies and can include specific equipment where necessary.

- Please refer to Chadsmead's SEND offer for Cognition and Learning, Communication and Interaction, Social Emotional Mental Health & Physical and Sensory needs can be located on our 'SEND Details' in the 'Parents and Families' tab on our Chadsmead website page or directly at:
https://www.chadsmeadacademy.co.uk/web/send_details/348171
- Chadsmead works hard to ensure we are an inclusive and disability friendly school. Our Accessibility Plan and Equality Policy are available on the school's website - https://www.chadsmeadacademy.co.uk/web/school_policies/328164

Additional Learning Support:

Additional learning support is available through our Graduated Response. All children access Quality First Teaching; Some children access small group tuition / intervention to enable pupil progress or because they are registered on the school's SEND register and have a Plan for Support (Pfs). A few children in school may have specific 1:1 support as their needs are significant and their need is identified through an Education Health Care Plan.

Overseeing the curriculum:

- The school's Quality First Teaching provision is overseen by the Head Teacher, Assistant Head teachers and individual subject Coordinators
- The school's Targeted Small group provision is overseen by the Head Teacher, SENCo and Phase leaders.
- The School's 1 Support is overseen by the Head Teacher and SENCo.

Reasonable Adjustments for examinations:

Reasonable Adjustments for examinations are made and put in place prior to examinations. These can include a range of support including seating arrangements, reading support where allowed, the provision of scribe, an amanuensis and additional time depending on the child's needs. All applications for examination adjustments are based on criteria set by the examination board and have to be made by the school to the examination board prior to the examination. The time scale is determined externally.

How resources are allocated to meet children or young people's needs?

SEND Budget Allocation

Any monies devolved to school for SEND are used to facilitate the support and learning of those who need it. Budget allocations provide:

- SENCO: The school SENCO provides support to staff, parents and children in order to coordinate the provision within the school, ensuring the needs of SEND children are met through the Graduated Response SEND Review process in line with the SEND Code of Practice.
- Teachers: All teachers are teachers of SEND and are trained to enable them to meet the variety of needs of pupils in their class through Quality First Teaching. Teachers receive regular training with regard to SEND and class sizes remain relatively small in some year groups.
- Teaching Assistants: Additional class support is available through Higher Level Teaching Assistants (HLTA) and Classroom Teaching Assistants (TAs) to support staff to work with identified pupils within the classroom, in small groups or on a 1:1 where directed. Each class does not have its own TA.

Teaching, Learning and Support

- **Resources:** A range of scaffold resources and equipment, such as table prompts for literacy and maths, physical support like pencil grips, writing slopes, emotional resources such as social stories is provided for children with identified needs.
- **Support programmes:** Provision of identified individual support where required including specialised Pastoral care programmes, Social/Emotional Support programmes, Lunchtime support and Physical support.
- Our setting meets need through a Graduated Response. This includes graduated levels of support in school, through our SEND review process and can involve external agency support. This is supplemented by access the District SEND and Inclusion Hub within Lichfield, where SENCOs from across the district work to support each other in order to meet and respond to needs within the locality.
- Further advice and support including Individual Needs Funding (INF) can be applied for through the local authority SEND & Inclusion hub systems for those agreed to have highly significant and specific needs.
- Where children may have a significantly higher level of need, school may, in conjunction with parents and external agencies apply for an Education, Health Care Needs Assessment (EHCNA) guided by county criteria. Should the local authority agree to formally assess the child, the result may lead to an Education Health Care Plan (EHCP). Where an EHCP is in place, school will allocate resources to meet the objectives of the plan and enable pupil progress as a priority. In this scenario, the school is required to place the first £6,000 of support (10 hours) for the child before the local authority provide any additional financial support.

How is the decision made about what type and how much support my child or young person will receive? Who will make the decision and on what basis?

Decisions about my child's support:

Children are supported within class as part of the school's normal support systems within school should they need additional support. These decisions are made by the class teacher and overseen by the phase leader on a day to basis and the Head teacher/SENCO on a termly basis.

Should your child require specific additional support that is 'different from' or 'additional to' the normal school curriculum and support mechanisms within school, then Communication with you will be made via one or more of the following in order to discuss the additional need your child may have:

- Contact from your child's class teacher via telephone conversation/letter/email/MyEd app
- Invitation to a support session from a member of staff
- Contact from the SENCO to establish an initial SEND Meeting that will be held with you to discuss your child's needs - a plan for support (PFS) may be produced with you to set targets for your child if they have SEND. You will be given a copy of this plan.

Parents/carers of children with known SEND needs will also be involved in

- A SEND review meeting undertaken 3 times a year by the class teacher and/or SENCO to share a pupil's Plan for Support.

Parents/carers of children with significant SEND needs may also be involved in

- An Annual Review: Children with an Education Health Care Plan also have an Annual Review that is held at least once a year that involves parents.

Teaching, Learning and Support

As a parent your opinion matters to us - Parents are encouraged to contact school at any time should they have a concern or worry about their child's support or simply wish to discuss their child at any time. They may also become part of the county Parent Carer Forum – further information can be located Home - Staffordshire Parent Carer Forum (staffspcf.co.uk)

How will equipment and facilities to support children and young people with SEND be secured?

Equipment and Facilities

Chadsmead secures equipment and facilities to support children and young people with SEND by:

- Ensuring the wider curriculum is well resourced with scaffold aids to meet National Curriculum needs.
- Ensuring that recommended schemes of work are backed by recognised research within the educational field including recommendations from the Education Endowment Foundation.
- Ensuring the wider curriculum including targeted provision and small group work session follow recommended programmes.
- Ensuring recommendations from external agencies are put into case where possible and recommended resources are purchased to support learning.
- Ensuring additional communication resources are sourced through the NHS speech and Language therapy service where identified by speech and language therapists
- Ensuring physical aids and adaptations are sourced through physiotherapy and occupational therapy services where identified by therapists.
- Funding for equipment and facilities is budgeted through the school's financial planning and any additional funding that may accompany an Education Health Care Plan or Individual Needs Funding application.
- Occasionally equipment and resources are donated to school to support children with their learning, obtained through a charity or purchased through the school's own fundraising streams.

How will you and I know how my child or young person is doing?

Pupil's Learning:

Children's learning is planned well at Chadsmead. Information can be found on our website under our "Curriculum" tab.

- Children follow Read Write Inc to develop their phonic awareness.
- Children then follow Accelerated Reader – a systematic reading system that encourages children to read within the zone of proximal development
- Children are taught through a Mastery approach in maths to develop their arithmetic and mathematical reasoning skills.
- Children follow a subject based approach to learning over a two year cycle of year – A curriculum overview is available through our website: Chadsmead Primary Academy - Chadsmead Curriculum (chadsmeadacademy.co.uk)

Pupil Assessment:

Assessment of a child's progress is undertaken through a variety of assessment methods including:

- Teacher assessment and feedback
- Summative and Formative Assessment

Teaching, Learning and Support

- Standardised score assessments
- External assessments specific to an identified need

Pupil's Progress:

Children should make progress in accordance with

- The National Curriculum End of Key Stage Statements
- Progress made by your child is considered on a termly basis.

You will know if your child is making progress through:

- Talking to your child about their work at school
- Supporting your child with their homework
- House points and certificates your child receives.
- Receiving feedback by telephone, MyEd message or face to face when necessary.
- Receiving written reports about your child
- Attending parents' evenings
- Attending additional meetings to discuss how you can help, with the class teacher or SENCo

You are also able to see how your child is progressing through:

- Your child's Reading diary
- Home / school communication books for identified children.
- Attending performances
- Attending information workshops and parent information sessions
- Contacting school at any time to discuss your child's progress

How will you help me to support their learning?

Supporting Communication

Help with communication can be supported by:

- Contacting the school office - this may include -
 - obtaining additional information,
 - reading support;
 - larger print letters;
 - support to complete forms
 - Contacting specialist services
 - Signposting you towards external agencies / further support

Teaching, Learning and Support

Support your child at home

You can help support your child at home by:

- Ensuring your child attends school every day.
- Get to know the school's website so you are familiar with the school's expectations, Curriculum and Support mechanisms - Chadsmead Primary Academy - Home (chadsmeadacademy.co.uk)
- Supervise your child's online use including gaming, social media and use of mobile phones / tablets - Chadsmead Primary Academy - Online Safety (chadsmeadacademy.co.uk)
- Read the school's newsletter and the school's noticeboards within the school grounds or online at - Chadsmead Primary Academy - Newsletters 2023 - 2024 (chadsmeadacademy.co.uk)
- Keeping medical appointments so that your child doesn't get discharged without being seen by a professional
- Use the My Ed app to maintain communication with school and receive information from school about your child.
- Preparing your child for any new experiences or changes that may be occurring at home or at school
- Sitting with your child and encouraging them whilst they complete their homework task - spellings, times tables, reading etc
- Attending parent workshops to develop your knowledge about how your child is being taught.
- Where possible, provide additional experiences for your child outside of school to develop their social skills and cultural experiences – clubs, days out, park visits etc.
- If your child has a plan for support, practise their target skills at home with them using the resources provided by school.
- You can always contact your child's class teacher for specific information to help support your child at home.

How do we consult with and involve children and young people with SEND in planning and reviewing their education?

Involving SEND Children in planning and reviewing their education.

- Children with SEND are asked for their views about their learning at review points by staff
- Children with SEND are regularly asked about their learning in class and their views.
- Children with SEND are encouraged to attend their own SEND meetings and parents' evenings to talk about their learning.
- Children with SEND work/meet with the SENCo to talk about their learning.
- Children with SEND may meet external agency representatives to talk about their learning and learning needs.
- Children with SEND are given verbal feedback in class as well as written feedback, where applicable, to keep them up to date in their learning.

How do you assess and evaluate the effectiveness of provision for children and young people with SEND?

Effective Provision

- The school creates a provision map showing all the additional targeted support being put in place for children across the school.

Teaching, Learning and Support

- The SENCO creates a provision map showing all the support being put into place for SEND children, which mirrors the whole school provision map as forms part of the whole school provision.
- All provision maps are reviewed at least termly and outcomes and impact measured
- Parents/carers of children with SEND are notified of their children's target on their child's Plan for Support (Pfs) which is discussed with them by the class teacher / SENCO at the start of each term.
- Children with SEND gain feedback from the teachers and TAs working with them and they are encouraged to share their ideas about what they feel they need additional support with, which can impact on the support they receive.
- Children with SEND are encouraged to attend meetings with teachers alongside their Parents/carers so that they are involved in the decision making process.
- Parents are encouraged to feedback to school about their thoughts and experiences at any time either in person or through the school's My Edd app. School provides formal survey opportunities at different times to obtain parent/carer viewpoints.

Keeping students safe and supporting their wellbeing

How do you ensure that my child or young person stays safe outside of the classroom?

Handover arrangements at the start of the school day:

- Children are met by an adult – usually the class teacher - at the identified entrance point each morning (this differs for each year group).
- Children with 1:1 provision are met by the designated teaching assistant if their needs require this.
- Children who are late are asked to go to Reception where they can be signed in
- Any communication by parents/carers is encouraged to be made through the My Ed app rather than on the door to prevent delays in registration and diminished supervision.

Break and Dinner Times

- Classes are supervised by teachers at break times and Lunchtime supervisors during lunchtime.
- PE and Gardening clubs are available to those children signed up to attend them at lunchtimes.
- Quiet areas on playgrounds are available for those children wishing to use them.
- Children with an Education Health Care Plan stipulating the need for lunchtime supervision are given a designated person to ensure their safety during lunchtimes for the stipulated time in the EHC Plan.
- All lunchtime supervisors and staff are first aid trained.
- Should a member of staff be required, they are notified during lunch time.
- Separate arrangements are made for children with medical needs, allergies or significant conditions on a case by case scenario.

Keeping students safe and supporting their wellbeing

Staying safe moving between classrooms

- Where possible children's movements are minimised.
- Children are reminded to walk in the corridors
- Any movement between classrooms is supervised where possible.
- Children with Physical needs are monitored carefully during movement periods – moving at the back of a line or with assistance where necessary
- Children with Social Emotional Mental Health Needs may have alternative agreements.
- Children move safely and quietly around the building to change lessons, go to break/lunchtime or move to assembly
- As children become older they are given more responsibility and are allowed to travel to the library to change books and the toilet unsupervised.
- All external doorways are key code protected to ensure children's safety whilst on site.

Educational Visits & Risk Assessments:

- Risk Assessments for all educational visits are made
- Risk assessments are also made for children with identified significant medical needs or social/emotional needs
- A range of risk assessments are undertaken for aspects of school life such as the safety of classroom environments, PE lessons, personal care etc.
- Individual Risk Assessment for some children with significant SEND needs are made for educational visits in order to ensure the activities are as safe as possible for them.
- Occasionally an individual risk assessment may prevent your child from attending an educational visit – this will be discussed with you so that any possible solutions to the risks can be discussed.
- Parents should notify school with any considerations regarding risks that they feel need to be considered for their child irrespective of their child's needs.
- Should a pupil, event or personal need require an individual risk assessment, these are written on an individual case by case basis.

What pastoral support is available to support my child or young person's overall social and emotional development and well-being?

Pupil Well being

- All pupils and pupils with SEND are listened to and their views taken seriously.
- All staff have undergone professional development training for well-being & restorative practice.
- Chadsmead aims to be a bullying free school and all children are taught that bullying is not tolerated in school.
- Children are encouraged to report any incidences of bullying to a member of staff they feel comfortable to talk to / class teacher.
- Chadsmead follows a restorative practice approach
- All classrooms have worry boxes to allow children to submit a concern without a conversation.
- All children follow the school's Jigsaw programme that addresses pupil wellbeing alongside social and emotional development.
- The schools anti bullying policy can be located on the school website: https://www.chadsmeadacademy.co.uk/web/school_policies/328164

Making relationships at school:

Keeping students safe and supporting their wellbeing

- Staff meet pupils at both morning and afternoon sessions – class teachers are responsible for their class's social and emotional development and well-being.
- All children are encouraged to be friendly towards others and there is a high expectation that children remain polite towards others throughout their time at school.
- Every class undertakes circle time / PSHE discussion through the school's jigsaw programme that focuses on personal, social and health related learning each week and where necessary additional sessions are placed should any issues arise through the school's restorative practice approach.
- Children are given a wide range of opportunities through their learning to build their confidence such as reading out loud, undertaking roles and responsibilities, being a Librarian, school councillor or a House Captain.
- Children are monitored by staff closely for sign of stress or distress so that discussions can be held with parents/carers in order to help address any known causes.
- Behaviour and bullying policies can be located on the school's website – https://www.chadsmeadacademy.co.uk/web/school_policies/328164
- Should discussions with yourself and staff feel that a buddy for your child may be beneficial then this can be arranged.
- Peers within school support each other with social and emotional needs as part of our school ethos.
- School has access to external family and individual pupil support services – please contact Mrs Cadman, should you feel your family or your child may benefit from accessing this service.

How will you manage my child or young person's medicine or personal care needs?

Medicines and personal care needs:

- Any medicines that require administration in school need to be reported to the school office, who will advise you of the latest advice and requirements.
- Any parent of a child with medical needs must complete a care plan for use in school – their child will be added to an internal medical register which is made known to staff and the care plan shared with staff.
- Children who require significant need care plans may be asked to meet with Mrs Cadman, the school's SENCo and or another senior member of staff.
- Specialist support services provide school with care plans for Children with Type 1 Diabetic Care plans; staff undergo specific rigorous training for this medical need and update their training when directed by NHS services.
- All teaching staff are trained in asthma awareness, epilepsy and the use of Epi-pens.
- Parents of children requiring personal care support are asked to discuss their children's individual needs with school so that a support plan can be put into place and a risk assessment undertaken if required.
- Copies of care plans, along with any medicine that is allowed to be are kept in classrooms, is kept within a class medical box in your child's classroom so that access to them by staff can be quickly made should the need arise.
- Parents will be notified by My Ed app should your child have a medical need whilst in school.

Keeping students safe and supporting their wellbeing
<ul style="list-style-type: none"> • Parent are encouraged to arrange medical appointments outside of school hours, however if this is not possible parents/carers are asked to notify the school office in person, by telephone or through the My Ed app. • Please refer to 'Supporting Pupils with Medical Conditions' policy for further information or contact our school office to discuss your child's needs. https://www.chadsmeadacademy.co.uk/web/school_policies/328164 • Should an emergency arrive, parents/carers will be notified – it is important that emergency contact information is up to date in the school office – and an ambulance may be called.
What support is there for behaviour, avoiding exclusions and increasing attendance?
<p><u>Attendance & Exclusions</u></p> <ul style="list-style-type: none"> • Attendance is monitored very closely by Mrs Grainger and the school's attendance officer. • Please refer to the school's Attendance and Punctuality Policy for the latest information on the school's website - https://www.chadsmeadacademy.co.uk/web/school_policies/328164 • Parents notified of their child' attendance each term • Exclusions at Chadsmead are extremely rare. Should this need to occur, you will be contacted by Mrs Grainger • Should a parent/carer have a concern about their child's attendance, please contact the school office 01543 421850 who will signpost you accordingly. • Should the need occur you may be contacted by your child's class teacher, a senior leader or Mrs Grainger to discuss your child' attendance depending up on the severity of the concern. <p><u>Behaviour</u></p> <ul style="list-style-type: none"> • Positive behaviour is reinforced at Chadsmead through restorative conversations, verbal feedback, house points and certificates. • Should school have a concern about your child's behaviour, they will contact you. • Where a child is struggling to regulate their behaviour, school will be happy to discuss this with you and explain the support on offer at the given time. This may include referrals to external agencies • Please refer to the school behaviour policy for the latest information on the school's website - https://www.chadsmeadacademy.co.uk/web/school_policies/328164
How do you support children who are looked after by the local authority and have SEND?
<p><u>Looked After and Previously Looked After children.</u></p> <ul style="list-style-type: none"> • We work closely with Staffordshire Local Authority 's Virtual school as well as any out of county authorities' virtual schools regarding looked after or previously looked after children. • Each Looked after child will have a Personal Education Plan that require reviewing by the local authority each term and an independent review that should occur bi-annually. School works closely with involved external agencies to ensure that these reviews are undertaken. • Mrs Cadman is the nominated teacher that liaises with the external agencies regarding looked after children.

Keeping students safe and supporting their wellbeing

- Please refer to the school 'Designated Teacher for Looked After and Previously Looked After Children' policy for the latest information on the school's website - https://www.chadsmeadacademy.co.uk/web/school_policies/328164

Working Together
Who is involved in my child's education?
<p><u>People responsible for my child at school</u></p> <ul style="list-style-type: none"> Primarily your child's class teacher will be the main person involved with your child's education. They may be supported by other teaching staff or support staff however; your child's class teacher is the main person. Your child may also meet a PE teacher during the week and HLTA when your child's class teacher is in receipt of the PPA (Preparation, Planning and Assessment non-contact allocated time) <p><u>Others responsible for my child</u></p> <ul style="list-style-type: none"> Adults with parental responsibility are responsible for their children. Should your child be subject to a care order or Court order, please let school know and safeguarding arrangements can be made to ensure that your child remains safe whilst at school Children are only released at the end of school to designated adults who are nominated on the school collection form – it is a parent's/carer's responsibility to make sure school is aware of who your child is allowed to be collected and not collected by. Although Grandparents and family friends may be responsible for your child at certain times, it is important to know that they do not have parental responsibility unless under special guardianship or court order and so information will not be shared with them without your knowledge.
How do you ensure that the SEND information about a child is shared and understood by teachers and all relevant staff?
<p><u>Information sharing:</u></p> <ul style="list-style-type: none"> School follows GDPR guidelines. The SENCO ensures that all staff have relevant and up to date information about the pupil's in their care. Parents are encouraged to share information with their child's class teacher, however, they can also share information directly with the SENCO – either way the information is shared between the two. Communication occurs via email and through face-to-face meetings both formally and informally through the term. Should your child have a medical diagnosis, then the upmost will be done to ensure that staff are made aware of the needs and your help as a parent will be welcomed to share what you know about your child's needs and provide medical reports to add to your child's educational record. Medical needs of your child will not be shared by medical professionals without your direct consent to them. It is therefore important to share your child's medical needs /diagnosis with school as school will not automatically be made aware of them by medical services. Information from previous schools / high schools is shared via telephone or face to face verbally prior to transition so that staff are aware of a child's known needs. This remains subject to GDPR regulations. Paperwork for your child will only be passed on once a child is registered with the school.
What expertise do you have in relation to SEND?
<p><u>Expertise in relation to SEND</u></p> <ul style="list-style-type: none"> The SENCO has over 20 years' experience of being SENCO has a large amount of experience within the field across the primary phase and beyond.

Working Together

- The SENCO undertakes termly training to maintain knowledge and awareness of SEND related issues both locally and nationally
- The SENCO and Head teacher work closely with the District SEND and Inclusion Hub in Lichfield
- The head teacher and the SENCO have undertaken NASEN (National Association of SEN) training courses through the local authority.
- The SENCO works closely with specialist services relating to SEND to ensure the most effective support is in place for pupils of SEND at Chadsmead.
- All staff undertake regular professional development in relation to SEND and child protection
- All staff are aware of the SEND Code of practice and in particular section 6
- Identified staff undertake specific training in relation to priority areas such as autism or social emotional mental health needs
- Identified staff undertake specific training in relation to specific SEND programmes of support such as speech and language programme
- School has mental health champions within the setting.
- The SENCO attends termly local authority network / update meetings; is involved with the Local Authority's Lichfield and Burntwood District SEND and Inclusion Hub which meets twice every term; and the Lichfield and Burntwood District Locality Management Group which meets twice every half term in order to maintain knowledge and understanding of children's needs, local, district and national information.
- The SENCO leads the Community Academy Trust's Professional SENCO network which meets six times each year.
- The head teacher, SENCO, SEND governor and one of the school's HLTA's has undergone training by NASEN to enable effective SEND school reviews.

Which other services do you access to provide for and support pupils and students with SEND (including health, therapy and social care services)?

Relationships with External agencies

- The school works hard to develop and maintain relationships with a wide range of external services. These include:
 - Universal medical services including paediatricians, well-being service, occupational therapists, and physiotherapists.
 - Speech and language therapy services
 - Local Authority Early Years forum
 - Family Support services
 - Action for Children
 - Local authority Autism Outreach Service, virtual school and outreach support services including Rocklands Specialist school setting
 - Child protection services.

Relationships with the school Governors.

- The SENCO has a strong relationship with the School's SEND Governor, Mrs Snashall. The SENCO and SEND Governor meet every half term to discuss developments from the SEND Learning Improvement Plan.

Who would be my first point of contact if I want to discuss something?

First Point of Contact:

Working Together
<ul style="list-style-type: none"> • If you think your child may have SEND or might need extra help, first speak with your child's class teacher by contacting the school office and requesting an appointment on 01543 421850; Email them via office@chadsmead.staffs.sch.uk or use the school's My Ed app. • If you still have concerns after speaking with your child's class teacher or wish to speak directly to the school's SENCO please contact the SENCO, Mrs. Helen Cadman on 01543 421850 via the school office; Email the SENCo via office@chadsmead.staffs.sch.uk or use the school's My Ed app. • Should you feel your concerns remain unaddressed, then please contact Mrs Grainger our head teacher on 01543 421850 via the school office; Email the SENCo via office@chadsmead.staffs.sch.uk or use the school's My Ed app.
Who is the SEN Coordinator and how can I contact them?
SENCO, Mrs. Helen Cadman on 01543 421850 via the school office; Email the SENCo via office@chadsmead.staffs.sch.uk or use the school's My Ed app.
What roles do your governors have? And what does the SEN governor do?
The SEND Governor is Mrs Sarah Snashall, also contactable through the school office on 01543 421850.
How will my child or young person be supported to have a voice in the setting, school or college?
<p><u>Having a viewpoint.</u></p> <ul style="list-style-type: none"> • Your child can contribute their view to class teachers during class time • Your child can ask to talk to member of staff at any time and they will arrange a convenient time to speak with them. • Your child can put themselves forward for the roles and responsibilities we have in school such as the Eco council, sports council, food council, school council or house Captains. • Your child can forward suggestions to their school council representatives • Your child can write to Mrs Grainger at any time with their suggestions. • Your child can contribute to their own parent's evening and /or SEND review meetings
What opportunities are there for parents to become involved in the setting/school/college and/or to become governors?
<p><u>Parental Involvement</u></p> <ul style="list-style-type: none"> • School has an open door policy • Parent views and involvement are always welcome. • Parents wishing to become a school governor should contact the school office for an informal chat with Mrs Grainger. • We are always looking for parent volunteers to help us within school (this has been prevented due to Covid guidelines but we hope to re-establish this during the academic year)

Working Together

- We are open to ideas and suggestion from you at anytime.
- Recent parent involvement has allowed us to develop our sensory garden and our new forest area is under development.
- Contact the school office to find out more about Friends of Chadsmead or visit the school website under our Community Tab
- To find out more about the school Governors, visit our website: https://www.chadsmeadacademy.co.uk/web/meet_the_governors/328167

What help and support is available for my family through the setting?

Family Support

- Families are encouraged to attend school events and share their worries or concerns with their child's class teacher or Mrs Cadman – the school's SENCO.
- Should you be concerned about your family and/or family relationships, Mrs Cadman can refer you towards the Family Support service who will be able to support your needs further and or signpost you on.
- Should you require additional help or support completing forms or paperwork, please let school know and they will see what can be offered to help you.
- Should you be unsure of who you need to speak to or how to obtain help and support for any reason, please contact Mrs Cadman on 01543 421850 via the school office; Email the SENCo via office@chadsmead.staffs.sch.uk or use the school's My Ed app.

Inclusion & Accessibility
How will my child or young person be included in activities outside the classroom, including trips?
<p><u>Inclusion and Accessibility</u></p> <ul style="list-style-type: none"> • All children with SEND are encouraged to access all of the curriculum. • We strive to make our whole curriculum fully inclusive for your child's needs where possible. • Individual risk assessment may be made in relation to activities, events or need that are used to inform staff, parents/carers so that discussions can be held and decisions made. • Before school provision is available through Jozone – a separate organisation that uses the school site before and after school hours. Please contact the office for their contact details or visit the school website for costs and information https://www.chadsmeadacademy.co.uk/web/jozone_before_and_after_school_club/355773 • Progressive Sports hold holiday clubs within school holiday periods subject to confirmation. • Parents/Carers and Children's viewpoints remain important and these are always taken into account.
How accessible is the setting's environment?
<p><u>School Environment Adaptations.</u></p> <ul style="list-style-type: none"> • School has limited adaptations however school does have disabled toilets, ramp access in some areas and is partially accessible. • Where pathways are not accessible, alternative pathways of access are available although these may involve travel outside. <p><u>Wheelchair accessibility</u></p> <ul style="list-style-type: none"> • Is the building wheelchair accessible? Partially • Are disabled changing facilities available? No • Are disabled toilet facilities available? Yes • Do you have parking areas for disabled pick-up and drop-offs? Yes
Joining and moving on
Who should I contact about my child or young person joining your setting?
<p><u>Admission</u></p> <ul style="list-style-type: none"> • Visit our website under 'Our School' Tab • Introduction to Admission – Please visit https://www.chadsmeadacademy.co.uk/web/introduction_to_admissions/522702 • Nursery Admission – Please visit https://www.chadsmeadacademy.co.uk/web/nursery_admissions/522703 • Main School Admission – Please visit https://www.chadsmeadacademy.co.uk/web/main_school_admissions_reception_to_year_6/522704

Joining and moving on

Moving during the year

- Please contact our school office on 01543 421850 or email us at office@chadsmead.staffs.sch.uk

How can parents arrange a visit to your setting, school or college? What is involved?

Open Days:

- Please contact our school office on 01543 421850 or email us at office@chadsmead.staffs.sch.uk

How will you prepare and support my child or young person to join your setting? How will you support them to move on to the next stage, or move on to adult life (as applicable for setting)?

Transition

- Transition considerations are made for children moving between all phases of their primary education.
- Children experience settling in periods to their new phase during the first few weeks of term where their new class teacher can get to know the child.
- Meetings with parents and information regarding this is shared during the summer term
- Children moving to Early years are asked to attend play and staff sessions during the summer term
- Parents/carers of children moving between phases are given relevant information during the summer term and asked to attend a transition meeting.
- Teachers contact, meet and /or visit school to share information regarding pupils prior to their move when children move between settings
- Teacher meet to share information between classes during the summer term prior to transition.
- Additional conversations are held between the SENCo in settings to transition relevant information – meetings can be held with parents during this period.
- Additional conversation can be held with external agencies during the summer term to aid transition.
- Visits to the new setting can be made within school hours and are encouraged for those children with additional needs.
- Any information regarding the next phase of your child's education will be shared with you in the summer term.
